and interactive audio

MODERN ISSUES, MODERN SOLUTIONS

Energy supply for charging phones

OLED screens & speakers for **communication**

Power from **solar** panels

Online **data** from the surroundings

SEEDIA FUTURE

Designed to be the solar bench of tomorrow. Its simple, minimalistic construction provides intuitive usage, while its universal design perfectly fits modern plazas and industrial interior spaces.

Side LED lamps allow to adjust its colors to the surroundings.

Example locations: airports, stations, city centres, malls, plazas, office spaces

In standard configuration, solar bench is equipped with:

- Autonomous, green power source - PV panel;
 - Electronic system and accessories, which allows charging batteries and electronic devices (smart phones, tablets, etc.) by 4 USB ports
 - Telemetry module that sends data to the cloud, it allows monitoring condition of the bench in dedicated dashboard
- Dim: 2000x565x440m

SEEDIA INVENTION

Invention is the perfect fit for any marketing needs of cities and business.

Intriguing, user-friendly, versatile.

Example locations: Malls, office spaces, events

In standard configuration, solar bench is equipped with:

- Autonomous, green power source - PV panel;
- Electronic system and accessories, which allows charging batteries and electronic devices (smart phones, tablets, etc.) by 4 USB ports
- Telemetry module that sends data to the cloud, it allows monitoring condition of the bench in dedicated dashboard Dim: 2000x565x440m

City Bike

City

SEEDIA CITY

Rapid urban development requires a modern approach to design. This module-based, highly versatile line follows the latest global trends - it draws attention while providing comfort and safety through an ergonomic construction and LED lights.

Example locations: Modern squares, promenades, office plazas

In standard configuration, solar bench is equipped with:

- Autonomous, green power source - PV panel;
- Electronic system and accessories, which allows charging batteries and electronic devices (smart phones, tablets, etc.) by 4 USB ports
- Telemetry module that sends data to the cloud, it allows monitoring condition of the bench in dedicated dashboard

Urban Classic

Urban

SEEDIA URBAN

Eco-friendly cities that care about their traditions highly appreciate the urban line thanks to its toned colors and wooden elements. As bikes are extremely popular in parks and public gardens, these benches have an option to add a bike rack.

Example locations: Parks, plazas, city squares

In standard configuration, solar bench is equipped with:

- Autonomous, green power source - PV panel;
- Electronic system and accessories, which allows charging batteries and electronic devices (smart phones, tablets, etc.) by 4 USB ports

BASIC FUNCTIONS

Every SEEDiA bench is equipped with the following features:

Photovoltaic panel

- solar energy utilization

Branding

- design adjustment

Battery

- storing of sun energy

Telemetry module

- including management panel

Two chargers

- USB ports

ADD-ONS

Additional cost features
(one time payment):

Inductive charger

- for dedicated smartphones

LED lighting

- dynamic, multicolor

OLED screen

- managed remotely

Speaker

- interactive

SUBSCRIPTION SERVICES

Additional cost features
(yearly subscription):

WiFi network

- analytics available

Sensors

- smog & weather

Recycling is everyone's responsibility.
So our products are made from recycled materials!

MULTI-COLORED SEATS

PREMIERE SEAT SANDSTONE

MULTI-COLORED BENCH

SPECIFICATIONS | Maintenance free, Ready assembled, Supplied with ground fixing bolts for hard surfaces, Environmentally friendly, Made from recyclable plastic, Hygienic & easy to clean, Vandal resistant, UV stable

MULTI-COLORED SEATS

PREMIERE SEAT SANDSTONE

MULTI-COLORED BENCH

SPECIFICATIONS | Maintenance free, Ready assembled, Ground fixing bolts for hard surfaces, Environmentally friendly, Made from recyclable plastic, Hygienic & easy to clean, Vandal resistant, UV stable, Struts are made from 100% recyclable material & are available in black only

STAR BENCH MULTI-COLORED

MODULAR SEATING

MODULAR SEATING

SPECIFICATIONS | Extremely versatile combinations of seating arrangements, Maintenance free - no need for varnish or paint, Ground fixing bolts for hard surfaces, Hygienic & easy to clean, Environmentally friendly, Made from recyclable plastic, Vandal resistant, Struts are supplied in black only and are 100% recycled material

ZIGZAG BENCH

SPIRAL BENCH

SPECIFICATIONS | Maintenance free - no need for varnish or paint, Supplied with ground fixing bolts for hard surfaces, Environmentally friendly, Made from recyclable plastic, Hygienic & easy to clean, Vandal resistant - made from durable polyethylene, UV stable, Struts are supplied in black only and are 100% recycled material

LEARNING CURVE AND ARENA

LEARNING CURVE & TEACHER'S CHAIR

SPECIFICATIONS | UV stable, Vandal resistant, Maintenance free, Hygienic & easy to clean, Supplied with ground fixing bolts for hard surfaces, Environmentally friendly, Made from recyclable plastic

THEMED BENCHES

You Don't Have To Have Superpowers To Be a Hero, Go Green.

| LITTER BINS

CITY LITTER BIN - SOLAR

We have designed the **City Trash Can** after watching the real needs of cities - monitoring the level of garbage in baskets for municipal services, as well as for residents - to help them throw away waste to un-filled bins.

We have adapted the design to the iconic **City** line, loved by users, maintaining zero number of external fasteners.

The nature of the basket was highlighted by a beautiful **RGB LED**, which changes color depending on the amount of waste

SEEDIA CITY TRASH RECEPTACLE

- In standard configuration, trash bin is equipped with:
- Autonomous, green power source - PV panel;
 - Telemetry module that sends data to the cloud, it allows monitoring condition of the bench in dedicated dashboard
 - Trash level sensor that informs municipalities when to empty the trash can
 - LED lighting, changing colors based on level of trash so users know if it is full or empty
- Dim: 860x450x677mm

PK.44251

DIMENSIONS | 450x1080x700mm

SPECIFICATIONS

METAL TYPE | PIPE PROFILE & BOX PROFILE METAL PAINT | ELECTROSTATIC PAINT

PK.44252

DIMENSIONS | 560x1500x700mm

SPECIFICATIONS

Metal type | pipe profile & box profile

Wood type | class imported yellow pine

TORRE LITTER BIN

DESCRIPTION | Litter bin made of S235JR steel plate with circular section, that leans towards the user. Hinged lid, with front opening to throw the rubbish in the bin liner. Fitted with inner removable liner ring. In its standard version the litter bin is supplied as a single piece, but it can be proposed in a modular sequence to create a curious area for rubbish recycling.

TECHNICAL SPECIFICATIONS |

Height above ground level: 86 cm Depth: 50 cm
Length: 61 cm Weight: 40 kg Capacity: 90

BUSTA LITTER BIN

DESCRIPTION | A pole-mounted litter bin designed to resemble a paper shopper with a pocket fold, made entirely of S235JR steel. The U-shaped handle is cut into both sides. There is an internal stainless steel AISI 304 liner ring and flip-open lid with central access hole. Also available in the XL version.

TECHNICAL SPECIFICATIONS |

Height above ground level: 80 cm Depth: 20 cm
Length: 40 cm Weight: 15 kg Capacity: 30

STAR LITTER BIN

DESCRIPTION | This ashtray is made of AISI 304 stainless steel. The base is rectangular and extends to form a pyramid with a lid and perforated stubber plate. A reinforced folded steel profile column supports the main structure, which can be overturned for emptying. A version with two bins, and a wall-mounted version are also available.

Technical specifications |

Height above ground level: 107 cm Depth: 33 cm
Length: 40 cm Weight: 20 kg Capacity: 30
