| TREE GUARDS

SQUARE LINE TREE GUARD

Description

An attractive design, manufactured from mild-steel, the Square Line Tree Guard serves its purpose of protecting trees from vandalism and wear and tear while maintaining a quality aesthetic. In today's urban and outdoor environments, well growing flora provides great contrast to man-made surroundings. Available in a range of configurations and colours, our range has been tried and tested.

Specifications

Mild Steel Construction, Size 590 mm x 590 mm, Height 1400 mm, Hot Dipped Galvanised, Powder Coat Finish, Bolt to Grate or In Ground Spigot Attachment

STEEL SLATED TREE GUARD

Description

Made from mild-steel, manufactured in two halves for easy re-use and storage. Ideal for a variety of flora, this tree guard surround can also be customised in terms of colour. Available in a range of configurations and colours. The designs are in a highly effective, long-lasting product. **Specifications**

Mild Steel Construction, Made in Two Halves for Easy Reuse and Storage

Diameter 540mm, Height 1400 mm, Hot Dipped Galvanised, Powder Coat Finish, Bolt to Grate or In Ground Spigot Attachment
