WOODEN BENCHES |

# | THEMED BENCHES

## FENICIA BENCH

**SPECIFICATIONS** | A S235JR steel seat consisting of 6 40x10mm modular steel profiles. These are shaped to converge at the bottom and are connected to a hinged swivel support, which can be fixed to the ground. The backrest is reinforced and aligned by a Ø 6mm. horizontal, stainless steel rod.

## MOIRE BENCH

**SPECIFICATIONS** | An AISI 304 stainless steel bench consisting of 5mm. laser-cut supports and Ø 10mm. rods for the seat and backrest. Available in straight and curved versions; both internal and external curved elements are available. The bench is set on tubular stainless steel supports.

## EVIAN BENCH

**SPECIFICATIONS** | A bench manufactured from S235JR steel, consisting of laser-cut supports, 7 40x40mm tubular elements for the seat, and 5 40x10 tubular elements for the backrest. Also available With concrete stands.

## DECA BENCH

**SPECIFICATIONS** | A relaxing chaise longue designed for urban parks and gardens. The S235JR structure consists of 6 Ø 30mm tubular elements for the backrest, intermeshed With 7 similar elements for the elegant seat..

### ETERE BENCH

**SPECIFICATIONS** | This bench is available in AISI 304 stainless steel or S235JR steel. The supporting structure is press-formed 40x10mm. steel plate. The backrest and seat can be made of a variety: 20x20mm stainless steel or S235JR rods, or mahogany slats. these versions are also available Without a backrest.

### SITTING AROUND BENCH

**SPECIFICATIONS** | A bench With a specially shaped, stainless steel AISI 304 supporting structure. The seat itself is made up of 46 mahogany slats

## MAREA BENCH

**SPECIFICATIONS** | The AISI 304 stainless steel structure is shaped out of 50x20mm. strips. The seat and backrest, made of mahogany slats, are proposed in three different inclinations. Also available With case at the base containing n°2 solar poWered LEDs.

## ARCADIA BENCH

**SPECIFICATIONS** | The structure of this bench is made of S235JR steel. The shape of the backrest and the footrest provide extra comfort and back support When sitting on the backrest. The supports are made of C-shaped, 4mm. thick 50x25mm. tubes. Those used for the seat and backrest measure 25x25mm.

## NASTRO BENCH

**SPECIFICATIONS** | This ribbon Wraps up the air of our city in a comfortable package. Nastro's light, Well- modelled, natural shape plays on its robustness, and radically challenges the predictable perception of street furniture as being heavy. Structure made of 5mm thick S235JR steel plate cut With a Water-jet

## GE BENCH

**SPECIFICATIONS** | A restful and comfortable stainless steel AISI 304 structure consisting of a  $\varnothing$  48mm. tubular frame and a backrest made of  $\varnothing$  8mm. rods. The rods are unevenly spaced and get closer together near the base.

## SHAULA BENCH

**SPECIFICATIONS** | There are two versions: one long and articulated, the other short and compact. The S235JR steel structure consists of a moulded tubular frame welded to 40mm x10mm modular steel strips. There is also a version with slats made of various types of wood.

## VESPINO BENCH

**SPECIFICATIONS** | This seat uses the most classic of Italian designs to take a new look at the "leaning on the scooter" pose. Made of S235JR steel plate and curved/shaped tubing.

## LUNA BENCH

**SPECIFICATIONS** | A seat which is strikingly simple and compact, all the more so at night thanks to its internal lighting system. The external structure is made of bored AISI 304 steel. The bench is fixed to the ground in such a way as to the electrical system accessible by simply removing the main structure.

## TALK BENCH

**SPECIFICATIONS** | A seat designed for young people and the innumerable ways they like to sit when they meet and talk. Made of a single S235JR steel tube, which curves sinuously creating three different levels.

## LETTERA BENCH

**SPECIFICATIONS** | The conceptual simplicity of this bench, a folded sheet, is a response to requests for a flexible product which can be personalized with texts, logos, and advertising images. The object itself is alluring, playing on a sort of interference between the seated user and the passerby. The latter would like to move the seated person off the bench to get a better look at what is on the backrest. Made of S235JR steel plate or AISI 304 stainless steel plate.

## OTÉ BENCH

**SPECIFICATIONS** | Oté bench was designed in homage to the sculptures of the Spanish artist Jorge Oteiza. Made of coated steel sheet, this 3-seater bench allows many ways to sit on it, with or without backrest. The upper part of the backrest is folded in order to create a shelf where you can lean something on or just lean yourself while standing.
